Become a Water Utility Member Today!

The Alliance for Water Efficiency is North America’s authoritative resource for water efficiency. Our strength comes from the diversity and commitment of our members, who help us achieve an efficient and resilient water future for all. Whether you supply water to 700 or 700,000 people, joining the Alliance helps you reach your efficiency objectives and amplifies our collective impact.

- **RESOURCES AND TOOLS**: Access our resources and state-of-the-art tools to achieve your conservation goals and become a leader in efficiency.

- **RESEARCH**: Design and benefit from groundbreaking research projects to unlock efficiency opportunities, bring down barriers, and uncover challenges.

- **POLICY ADVOCACY**: Join hundreds of organizations to pursue efficiency policies, programs, and investments, and stay ahead of legislation in your region.

- **EDUCATION AND TRAINING**: Join us for webinars and workshops that keep newcomers to efficiency and seasoned professionals alike at the top of their game.
